"SWING INTO HISTORY"

There are very few opportunities today to hear & learn about the music America & Europe danced & listened to during the Big Band Era. The bands & vocalists dominated the ballrooms all across the United States until the mid-1950's & then, faded into history.

Music Historian, Erik Larson will bring those memorable years back, featuring a variety of the top artists, the big hit records, & even little-known facts about these performers. Encouraging you to guess the songs & singers played, or even share a memory the music recalls. This presentation is sure to please all of you music lovers across different generations, so mark your calendars for Tuesday, March 5th at 3:00pm.
